Hours: Approximately 40 hours per week for a minimum of 10 weeks.

*All Cardinal Health internships are paid internships.

The Summer Internship Program allows students the opportunity to work on meaningful and exciting projects that will give them the hands-on experience they need to build a solid foundation for their future. As an intern, students will have the opportunity to participate in a formalized program, designed to increase knowledge of Cardinal Health and the healthcare industry as well as develop essential leadership skills. Interns will be given the opportunity to explore different career paths and interview for full-time roles upon successful completion of the program.

Why Choose the Cardinal Health Summer Internship Program?

Experience: Interns work with other Cardinal Health professionals on their team, as well as business partners, customers and vendors on substantial projects in addition to daily work. To enhance leadership skills, each intern also participates on a planning committee. At the end of the summer, each intern has the opportunity to showcase their work in a presentation to business leaders.

Networking: Interns have the opportunity to learn from key business leaders through the “Executive Speaker Series.” They also have the opportunity to network with other professionals through both formal and informal networking events.

Development: Interns participate in a formal one-on-one mentoring program, as well as professional workshops to enhance their business acumen. They are also able to explore full time career paths throughout their internship experience.

Camaraderie: The internship program offers various social, teambuilding, community service events, as well as tours to help interns build a solid network of peers.
